The global pioneer of natural quartz surfaces, Caesarstone, has opened a state-of-the-art showroom in Brisbane to showcase its premium collection of leading-edge designs and provide an interactive experience that is both innovative and inspiring.

Located in Yatala, which is easily accessible from both Brisbane and the Gold Coast, the showroom features full length displays of the brand's latest colour and texture releases together with access to the Caesarstone Interactive Visualiser. The showroom experience is dedicated to opening the world of Caesarstone design opportunities to both consumer and professional for both residential and commercial installations.

The Caesarstone Showroom team is on hand to give support on each stage of the design process, through product, colour and finish to suit every kind of installation.

Caesarstone has been the leading choice in high quality, premium quartz surfaces in Australia since 2001 and has an enviable record of supplying finishes for kitchens, bathrooms and commercial installations to landmark locations throughout the country.

Every aspect of the showroom is designed to inspire and educate the visitor, from the working kitchen display and individual workstations to the regular in-showroom training sessions for designers.

The Yatala showroom complements Caesarstone's existing showroom at The Build & Design Centre, 66 Merivale Street, South Brisbane.
