 **caesarstone® ICON**
Advanced Mineral Surfaces

5115 Calacatta Stillstorm™

Introducing *Caesarstone ICON™*

Advanced Mineral Surfaces

Since 1987, Caesarstone® has continuously led the way in surface innovation, introducing more breakthrough designs in the last three decades than any other brand in our category.

Our commitment to redefining excellence in design and sustainability has never been stronger.

Caesarstone ICON™ advanced mineral surfaces are crafted from Caesarstone's crystalline silica-free* blend of recycled and other innovative materials.

Representing a groundbreaking innovation in surface technology and addressing the need of the hour by

setting a new standard for sustainability, design, and performance.

Caesarstone ICON™ crystalline silica-free* surfaces deliver superior resistance, durability, and aesthetic appeal while offering unparalleled versatility for a wide range of applications. From kitchen benchtops and splashbacks, to bathroom, laundry and furniture surfaces, to commercial interiors, the Caesarstone ICON™ collection provides endless surface design versatility for any space.

Experience the future of surfaces
- where design meets sustainability.

5141 Frosty Carrina™

Beautiful kitchens. *High performance benchtops.*

Caesarstone ICON™ advanced mineral surfaces deliver superior stain, scratch and heat resistance. At the forefront of material and surface design innovation, Caesarstone ICON™ surfaces are perfect for kitchen benchtops, splashbacks and large islands.

5130 Cosmopolitan White™

Luxurious *Bathrooms.*

Caesarstone ICON™ surfaces bring a timeless elegance to the bathing space. Their superior, non-porous durability and easy-care characteristics provide a truly beautiful, high-functioning surface for bathroom environments that is exceptionally resistant to stains, scratches and heat. Caesarstone ICON™ carries a Lifetime Warranty.

5144 Rossa Nova™

NEW 2025 COLLECTION

Lightcrest™

Lightcrest is a study in quiet sophistication, with its powdery grey base suffused with a non-directional bloom of mottled grey veining in a series of soft tonal greys. It presents a rhythm of harmony that will always invoke a sense of finesse and timeless elegance, while never dominating a space.

Calacatta *Lacebound*™

A soft ivory base, featuring an expansive overlay of graceful veining in mellow taupes, light greys and subtle golden accents, creates a timeless aesthetic that is both refined and elegant.

Misty River™

The combination of a beautiful alabaster-white base and layering of delicate grey veining, creates a quietly sophisticated, yet playful surface design.

Laceline™

Laceline's pure white, luminous base is contrasted with a directional flow of delicate veining in smoky, bone greys. The look is one of serenity and authenticity, creating a sense of gentle movement.

NEW 2025 COLLECTION

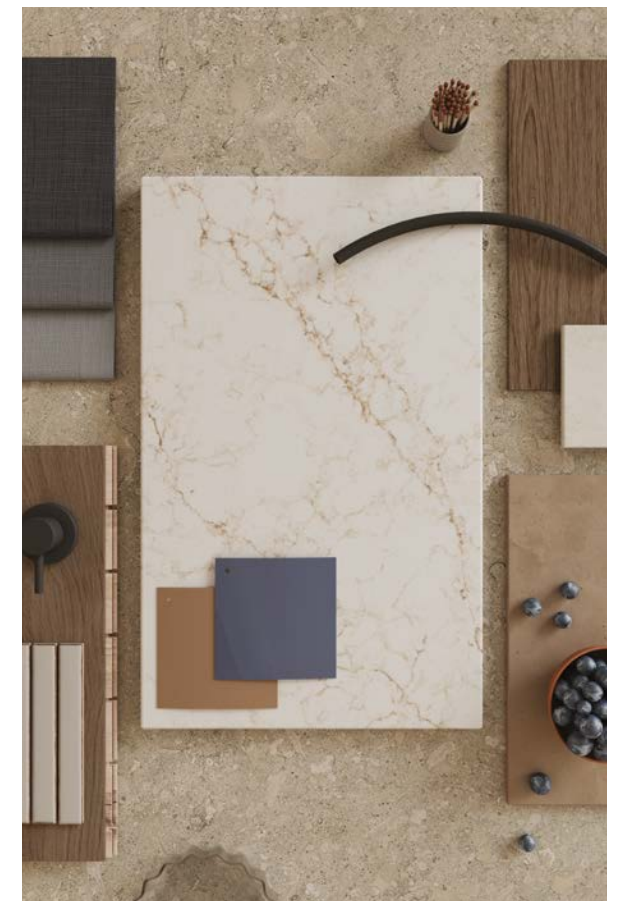

Calacatta *Dreamwave*TM

Emulating the luxury of traditional Calacatta marble, this surface features a muted white background with random and complex veining in deeper greys and subtle, earthy browns.

Rossa *Nova*TM

A warm off-white base with the directional movement of criss-crossed veining, soothing in warm earthy tones, delicately tinted with amber gradients and deep golden ochre accents.

Celestial *Sky*TM

A creamy white backdrop graced with a veined overlay of warm greys and earthy browns, flowing naturally across the surface like an organic web.

Calacatta *Stillstorm*TM

A radiant bright white base featuring directional veining in soft greys and refined pewter tones. The subtle interplay of movement and contrast evokes a sense of timeless luxury.

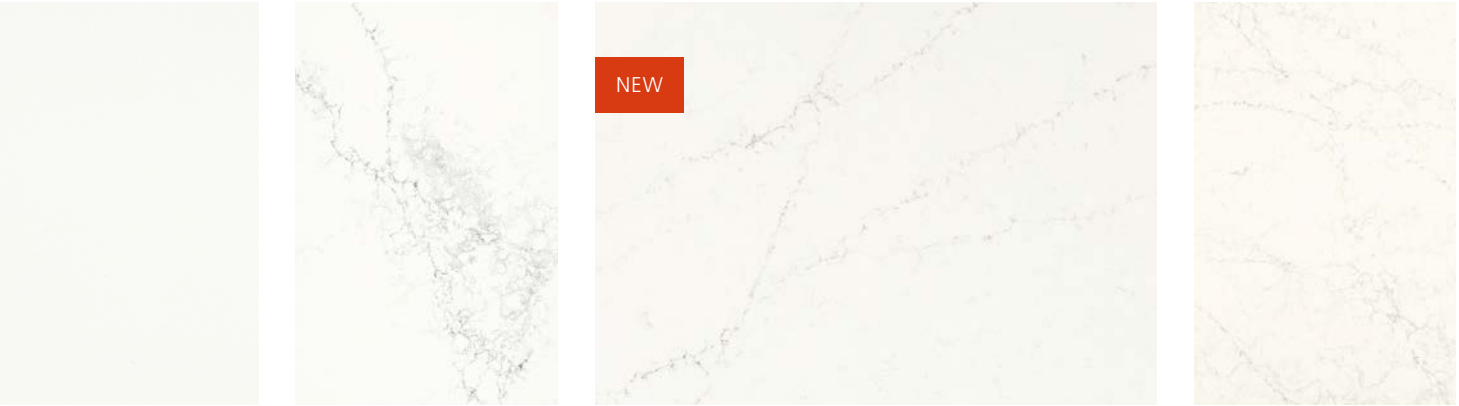

Glacier *Flow*TM

A cool white base overlaid with delicate striations and veining in icy grey and silver, creating a sense of movement and flow.

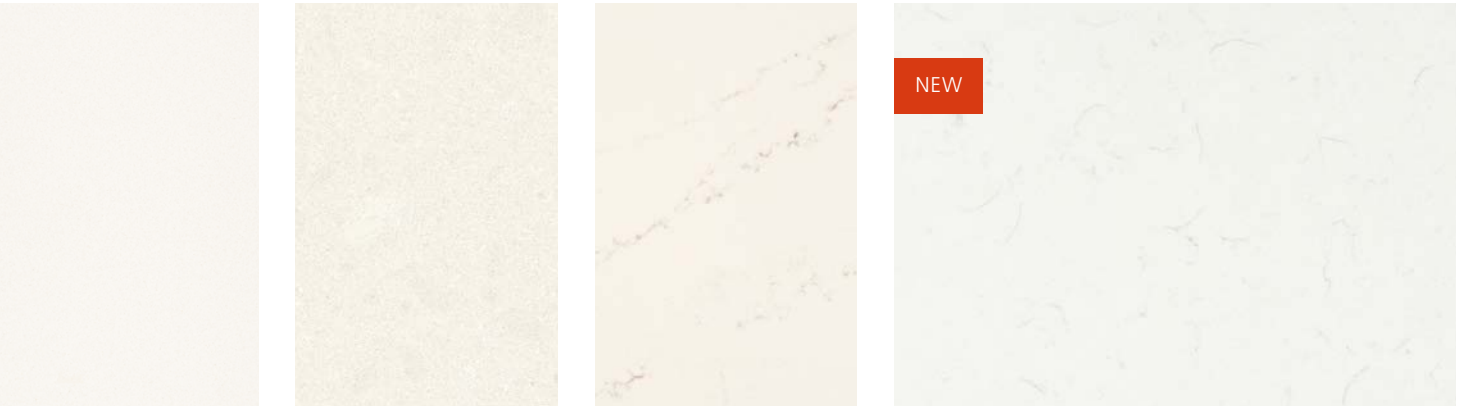

Lunar *Frost*TM

A frosted grey base overlaid with a directional drift of multi-form aggregates in soft greys and earthy brown mineral deposits, creating a sense of movement and understated luxury.

Price Ranges:

Starting from M0 through to premium M4 designs

Caesarstone ICON™ advanced mineral surfaces are crafted from Caesarstone's crystalline silica-free* blend of recycled and other innovative materials. Some variation in colour may occur. The colours in this brochure are printed to the highest standard, however, should only be used as an indication, not an exact match of the actual product colour. We always recommend making final selection where possible by viewing a large format sample at Caesarstone showrooms.
