

The background is a close-up of a marbled surface, likely a countertop or wall, with intricate patterns of beige, cream, and light brown veins. A semi-transparent white rectangular box is centered over the image, containing text.

Surfaces for you.  
For a *Lifetime*.

 caesarstone®  
Porcelain™

Kitchen benchtop, island and splashback in Antikella™

# Where Artistry Meets Durability.

## Our Porcelain Surfaces

Crafted to perform and designed to inspire, our porcelain surfaces excel in every environment. Non-combustible, UV-resistant, and exceptionally durable, they transition effortlessly from the heart of the home to the great outdoors.

Formed from sustainably sourced natural minerals and refined under intense heat and pressure, every slab delivers enduring beauty in a curated palette of stone-like textures, marble-veined elegance, and modern industrial aesthetics.

## Perfect for Every Space

From kitchen benchtops and bathroom vanities to laundries, outdoor kitchens, and open-air living areas, Caesarstone® Porcelain offers unmatched performance.

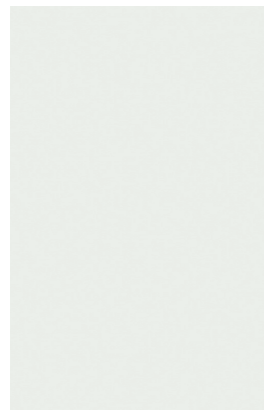

It's extremely hard and resilient structure withstands heat, sunlight, scratches, and daily wear, making it the superior surface solution for modern Australian living.

## In-Sync Technology

In-Sync Technology creates seamless design continuity across body, surface, and edge, by blending pure raw minerals of varying grain sizes into each porcelain slab.

These printed colours and designs should be used as an indication, not an exact match of actual product colour. We recommend making final selection by product samples in retail locations or viewing large panels in Caesarstone showrooms.

## Caesarstone Sensorial Tech

### Luster

Inspired by the raw beauty of nature, the Luster effect enriches each surface with elevated veining and heightened tactility. Its uneven texture invites touch and offers a sensory experience that truly satisfies.

### Sculpted

Tantalising and unique, the Sculpted effect enhances natural-looking veining with shallow grooves that converge to form delicate textures, subtly echoing the nuanced character of natural stone.

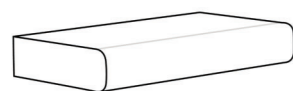

# Edge Profiles

For all exposed edges of your Caesarstone Porcelain benchtop or surface applications including undermount sinks, we recommend using an edge profile with a radius that provides a durable finish over its lifetime.

Angular Aris edges or sharp corners are not recommended, as they can be prone to damage.

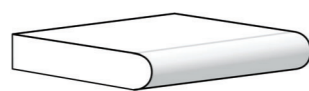

Caesarstone's preferred 3mm pencil round edge profile and radius corners.

20mm Slab Thickness

Butt joint with shadowline

Mitre Join

A mitred edge provides a thicker profile and a seamless waterfall end panel option.

For single-slab-thickness benchtops and panels, a butt joint with a shadowline can be used.

## Large Slab Sizes

Caesarstone Porcelain surfaces are available in large format slabs with two thickness options on selected designs.

	Slab Size	Weight	Weight/m <sup>2</sup>
12mm	3200mm x 1600mm*	150-160 kg	27-31 kg
20mm	3200mm x 1600mm*	245-255 kg	47-50 kg

\*(-20mm each side de-tension cuts)

## Long-Lasting Finishes

**H** Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface. Soft, organic, matte, low-gloss luminosity.

**S** Silk

This finish covers the surface in a shimmering overlay. The light glides softly over the stone, creating a luxurious appeal that adds a dimension of softness and comfort.

**UR** Ultra Rough

Inspired by the tactility of rough stone, industrial metals and concrete, this finish reinforces the organic nuances of the stone. With a distinctive granular feel, it guarantees high durability and care.

**ST** Stone

Tenderly tactile with a pleasant radiance, this finish has the soothing touch of a semi-smooth stone. Its appearance is that of a weathered rock, which comforts in a genuinely authentic way.

## Lifetime Warranty

Each of our surfaces is carefully inspected to ensure that it meets the highest level of international quality standards, and is backed by professional customer service and support. For added peace of mind, Caesarstone products come with a Lifetime Warranty. Visit [caesarstone.com.au/warranty](https://caesarstone.com.au/warranty) for more information.
